Wounds UK

Think Pressure Care has launched a new look website at www.thinkpressurecare.co.uk

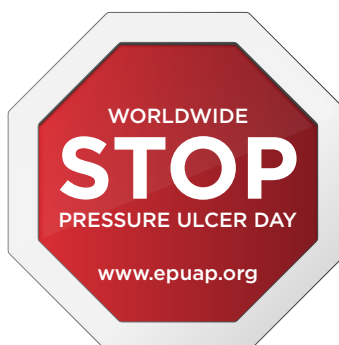

It's now easier to find the information you want with a simple navigation structure. The menu, guides you through products in the Invacare pressure care range with clear information and images and lots of video footage. The website works really well on your phone or tablet too keeping you up to date on the move!

Think Pressure Care has always been focussed on education and raising awareness of pressure ulcer prevention and treatment. The website is a valuable resource for healthcare professionals and patients, as it offers a comprehensive range of leaflets and posters with advice on how to prevent pressure ulcers and how and why everyone is at risk of developing them.

Stop Pressure Ulcer Day 2017

This year Think Pressure Care gave away over 7000 stickers to our customers to support this worldwide event! Our Business Development Managers supported many events throughout the UK, and it seems this great initiative is growing the awareness of pressure ulcer prevention year on year.
