

Ocean Shower Chair/Commode Workshop

Overview:

With the increase in adapted bathrooms and level access showering, the selection of the most suitable shower chair is a growing requirement and can provide benefits for assessment, level of care as well as budgetary savings.

This one day course will provide the knowledge required for the selection of models from the Ocean shower chair range.

The session will outline the range of product options and will provide detail on how the use of modular components and accessories can allow customisation of the Ocean without the need for a client specific prescription.

A product workshop will be available to give participants the opportunity to have a closer look at building products to client specification.

Course Content:

- Background to shower chair use
- Benefit of using assessment kits
- Overview of the Ocean Shower chair range
- Product workshop

Who will benefit from the course?

- Occupational Therapists
- Invacare Dealers
- Trusted Assessors
- Community Equipment Co-ordinators

Course level: Basic

Price: Free of charge
